2nd INTERNATIONAL CONFERENCE & CADAVERIC WORKSHOP ON PELVIACETABULAR FRACTURE AND HIP ARTHROSCOPY

under the Aegis of
**Kerala Orthopaedic Association,
Trichur Orthopaedic Society, TOCF and
Govt. Medical College, Thrissur.**

On 15th, 16th, 17th March 2019
At Govt. Medical College Thrissur
And Joys Palace, Thrissur, Kerala

It gives us immense pleasure to invite you to the 2nd international conference and cadaveric workshop on **pelviacetabular fractures and hip arthroscopy** to be held in Thrissur, Kerala on 15th to 17th March 2019.

After the successful completion of the first conference and repeated requests by the delegates to have a more detailed hands on conference we have extended the conference to three days(two days cadaveric workshop) so that we can have a more engaging sessions.

This time we have added a **one on one session with Dr. Ramesh Sen for one full day followed by sessions with foreign faculty from United States of America and Taiwan** to train you in performing these complicated surgeries using the best implants, AO techniques and instrumentation from across the world.

We plan to showcase new instruments, implants and orthosis designed by the best surgeons across the world, which will make these complicated surgeries easier to do.

We are also having a **cadaveric workshop on hip arthroscopy first of its type** to train you on performing this surgery with ease so as to make you a complete pelvic surgeon.

The number of cadaveric participants are limited and given on first come first serve basis. Kindly book your seats at the earliest to avoid missing to learn from the best across the world. Registration for CME is compulsory for workshop. The hip arthroscopy workshop is limited and includes the acetabular workshop. We have a residential package for which CME and workshop(acetabular) is included

Participate, interact and make use of this opportunity to learn personally from the experts and improve your surgical skills to become the best.

We promise to make this conference a memorable experience.

Dr. Jyothish, Dr. Sudheer, Dr. Sreevishnu
Dr. Binoj. R., Dr. Subramanian, Dr. Sujay
Dr. Sherry Isaac, Dr. Vysakh

Programme at a Glance

1st day
Highlights of workshop
Acetabular Fractures

- Anatomy
- Classification
- Approaches
 - 1) Iliofemoral approach
 - 2) Ilioinguinal approach
 - 3) Modified stoppa approach
 - 4) Kocher Langenbeck approach

Cadaveric Session/bone model session

- Post lunch
- Radiology and C-arm positioning
- Reduction Technique
- Implantation and instrumentation

Cadaveric session/bone model session
2nd day

- Highlights on CME**
- Classification of acetabular fractures
- Investigations and radiology
- when to conserve/operate?
- Preoperative planning

Dr. Gopinathan P
KOA President

Prof. Jayaprakash C.
Organizing Chairman

Dr. Tomsee Anil Johnson
Organizing Co Chairman

Dr. Vinesh Senan
Organizing Secretary

Dr. Manesh Chacko philip
Treasurer

How the experts do it ?

- 1) Anterior column fractures
- 2) Posterior column fractures
- 3) Both columns fractures
- 4) T type fractures and associated fractures

How the experts manage the complications?

Total hip replacement as a treatment?

Post lunch

Hip Arthroscopy - The present and the future

Classification of pelvic fractures

How the experts manage these fractures?

- 1) Primary management
- 2) Sacroiliac joint - anterior vs posterior
- 3) Pubic Symphysis - superior vs anterior
- 4) Pubic ramus - operative vs non operative

X-ray discussion

3rd day

Hip Arthroscopy

Position of patient

Instrumentation

Technique

Tips

Cadaveric session/bone model session

Indications

Classification of acetabular lesions

MRI in acetabular lesions

Complications

Postoperative rehab

Cadaveric session/bone model session

Registration
