NOTICE

As the All India Quota round allotment after counselling was extended, which in turn resulted in the state allotment results tentatively to be released on 26th of September, many of the first year MBBS (2025) students who joined our institution and their parents have expressed their utmost difficulty in shifting from one college to another physically within a short period. Considering the difficulty of the majority of students, we have decided to start the orientation and foundation classes to the online mode. Students need not occupy the hostels at present. The time table and hostel details will be shared in the students group.
